

Homework Assignment 7

vertical navigation with unordered list, 5pts

***note=>** Begin with Homework 4.

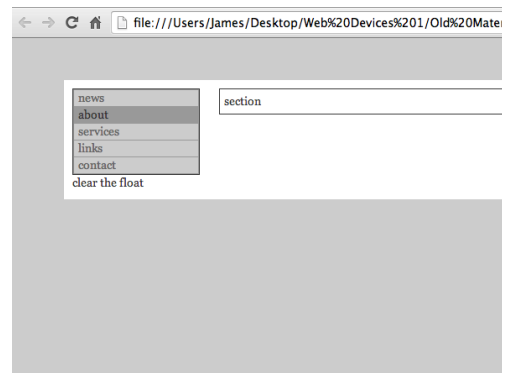

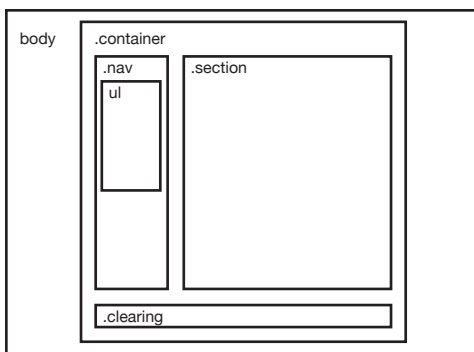

Insert an unordered list into the div with class="nav". Create the following ul code to create the list:

```
<ul>
  <li><a href="news.html">news</a></li>
  <li><a href="about.html">about</a></li>
  <li><a href="services.html">services</a></li>
  <li><a href="links.html">links</a></li>
  <li><a href="contact.html">contact</a></li>
</ul>
```

Also add a div with class="clearing" after the section div. Then create a .clearing class in the css file that has the property clear: left;

In the css style for .nav, change padding to 0px. Create the following styles to format the vertical navigation.

```
ul {
    list-style-type: none;
    margin: 0px;
    padding: 0px;
    width: 148px;
    border-top-width: 1px;
    border-right-width: 1px;
    border-left-width: 1px;
    border-top-style: solid;
    border-right-style: solid;
    border-left-style: solid;
    border-top-color: #999;
    border-right-color: #999;
    border-left-color: #999;
}
ul li {
    border-bottom-width: 1px;
    border-bottom-style: solid;
    border-bottom-color: #999;
    padding: 0px;
    margin: 0px;
    overflow: hidden;
}
ul li a {
    color: #666;
    text-decoration: none;
    margin: 0px;
    background-color: #CCC;
    padding-top: 5px;
    padding-right: 150px;
    padding-bottom: 5px;
    padding-left: 5px;
}
ul li a:hover {
    color: #333;
    text-decoration: none;
    background-color: #999;
}
```

Upload the files to your gozips server and add link from your homepage.
