Blogs

Every student is required to maintain a blog. A blog post must be added every week by noon Friday. The blog post must pertain to web design or development or any of its tangential topics. Except for Blog Post #1, posts must be minimally 5 sentences and have a link to a resource or reference discussed in the post.

Students must use Wordpress for their blogs. We will set these up in class.

Blog Posts can not be resubmitted.

Blog 1
Due by noon Friday of week 2, an initial post simply stating the blog is active. URL of blog must be emailed to instructor.

Blogs 2 - 14
Due by noon Friday of every week except Spring Break and Finals week.
